# Newsletter Highlight

We specialise in:

- Internal Audit
- Information Systems Audit
- Governance, Risk & Compliance (GRC)
- Business Process Management, Policies & SOPs
- ISO Certification Services
- Management Consulting & Training

## Our Core Services

- **Internal Audits:** Risk-based audits to identify control gaps and improve operational resilience.
- **Information Systems Audits:** Safeguarding your digital assets and IT environment.
- **GRC (Governance, Risk & Compliance):** Regulatory navigation, oversight enhancement, and compliance embedding.
- **Business Process Management / Policies & SOPs:** Process mapping, SOP development, and efficiency improvements.
- **ISO Certification Services:** Support from gap analysis to certification readiness (ISO 9001, 14001, 45001).
- **Management Consulting & Training:** Leadership and internal auditor training to build internal capabilities.

## Industry Insight

Embedding risk management into daily operations converts uncertainty into strategic advantage. Organisations that anticipate risks make proactive decisions, strengthen stakeholder confidence, and adapt faster to regulatory shifts and market changes.

## Success Story

We recently supported a medium-sized enterprise to achieve **ISO 9001:2015 certification**.

Through a structured gap analysis, tailored training, and audit-ready processes, the organization improved customer satisfaction and operational efficiency.

# Upcoming Training & Events

## ISO 9001:2015 Internal Auditor Course

- **Dates:** 18–20 November 2025
- **Location:** Nairobi / Virtual Option Available
- **Certificate:** RKCO East Africa Consulting Lead Auditor Training
